

The PureBond® Pledge of Assurance

For the homeowner:

I, _____, specify that formaldehyde-free PureBond hardwood plywood be used to build my new cabinetry (or other similar finished goods like furniture, shelving, closets, wall paneling, etc.)

I am choosing PureBond because it is produced responsibly in North America using no added formaldehyde in its construction.

For the Fabricator:

I, _____, as a representative of _____, understand that my customer has requested their project to be made with formaldehyde-free PureBond hardwood plywood.

We will make every effort to maximize the use of PureBond products, and will not utilize any formaldehyde-containing panel products or finishes in the goods we're producing.
