

Introducing Rotary White Maple Door Faces

Today's Best Choice for Flush Doors.

Innovating Responsibly.®

Certain flush door specs can create visual problems that can range from “bad” to “awful.” That’s because the wood grain, cut and veneer match may be contributing to an unpredictable, unattractive and inconsistent look. But there’s good news: The best solution for a uniform look has been “hiding” in plain sight.

Welcome to Rotary White Maple Door Faces from

Rotary White Maple offers a beautiful solution.

This clean, quiet face is one of nature's best-kept secrets. It's a superb performer that will change the way you specify door faces. By choosing Columbia Rotary White Maple, you'll find a dependable hardwood veneer face with multiple winning benefits.

All the advantages. None of the drawbacks.

Columbia Rotary White Maple is a simple solution that solves common veneer match and assembly problems while delivering beautiful end results.

Eliminates visual problems

- **Barber pole effect** - found in maple and birch book-matched faces
- **Splice line related issues** - often seen in book-matched and slip-matched faces
- **Wild, unwanted grain patterns** - common in rotary birch faces
- **“Machine gun” repeated defects** - in book- and slip-matched faces
- **Door-to-door inconsistency** - caused by veneers with pronounced grain patterns like birch and oak

Assures dependable results

- Tight color range
- Subtle grain characteristics
- Thicker cut for better sanding, staining and repairs
- Broad stain and finish flexibility
- Can be stained to mimic higher-priced veneers
- Visual uniformity from door to door
- Durable and long-lasting
- Matchable to adjacent wood veneered surfaces

Columbia Rotary White Maple
provides the perfect canvas
for finishing choices that
replicate high-cost species.

Veneer options that match your creativity.

Whether it's a school, hotel, office or commercial interior, the right veneer match can really bring your designs to life. Columbia Rotary White Maple offers multiple options... and opportunities:

- **Whole Piece** - rotary-cut ensures visual integrity with no splice line, eliminating barber pole effects
- **Plank/Random Match** - beautiful lumber-look for a finely-crafted effect
- **Traditional Book Match** - pleasant grain pattern and subtle color

A better choice in every way.

Columbia Rotary White Maple does more than solve appearance problems. It reflects our commitment to responsible stewardship, and conforms to today's regulatory and legal sourcing requirements. Best of all, it offers a cost-effective solution that keeps your projects on budget from the start — while reducing callbacks down the road.
